

Digital Content Creator

Do you have experience creating and posting live event content across digital platforms? Are you looking to work in a growing, international, fast paced, exciting and global business working with some of the world's best known live acts and entertainers?

Would you like to work for the world's largest, most exciting and innovative supplier of laser, special effects equipment and crew? ER Productions is the world record holder for the world's largest laser display performed in Dubai in 2021, would you like to join the team and be part of delivering the most exciting displays on planet earth? This could be the job for you.

For the right candidates there are development and career opportunities as our business continues to implement our ambitious long term growth strategy. Our work will truly give you the opportunity to develop your skills and broaden your experience enabling you to develop and grow.

We want applicants that have proven experience working in a similar environment, have a willingness to learn and improve and have a brilliant can-do attitude.

You will be working in different environments including on site at live events where there is only one opportunity to get the right shot, therefore it is important that you have the following skills and experience:

- At least 2 years' experience of photographing/recording large scale live events and entertainment, including capturing high-quality content in a live event, low light environment.
- At least 2 years' experience of professional photo and image editing software (Adobe Lightroom, Photoshop, Illustrator etc).
- At least 2 years' experience of professional video editing software (Adobe Premier Pro, iMovie etc).
- Experience in the use of drone photography
- A thorough understanding of website management software, in particular Wix.
- Experience maintaining professional social media feeds.
- A good understanding of Microsoft Office programmes.

As a Photographer & Videographer your responsibilities will include:

- Capturing, editing and managing all of ER Production's image and video content, including material taken on site at ER shows, in our studios and at client & student open days.
- Photographing and videoing our products for use on our website and in ER promotional material.
- Editing (including to music) and producing company showreels and round-up videos for our social platforms.
- Produce other content as required, for example company training videos

Digital Content Creator

- You will be responsible for editing and storing all photos and videos and maintaining the server in an organised manner.
- Managing your own schedule and liaising with key stakeholders to ensure that content is captured which highlights all of ER's laser and special effects services.
- You will be responsible for publishing frequent posts to our social media platforms.
- You will maintain the ER Productions website, drafting and publishing at least 1 news story per month.

Package on Offer:

- Starting Salary from £30,000 + overtime
- Mobile Phone
- Apple Laptop
- 4 Weeks holiday + Bank Holidays and Christmas shutdown
- Company Pension Scheme after qualifying period
- Participation in ER company bonus scheme after qualifying period
- Bupa Health Care after qualifying period

A little about us:

ER Productions is a growing, international, award-winning laser show & laser system design and special effects specialist, with credits spanning across worldwide concert tours, high profile sporting and corporate events, advertising, TV & Film and theatre.

Constantly pushing the envelope when it comes to the ongoing development, manufacture, and sourcing of cutting-edge laser & Special Effects products. We supply world class laser, SFX & Pyro shows with regular appearances on BGT, X Factor, Dancing on Ice and have toured with Robbie Williams, Ozzy Osbourne, Pete Tong and Muse to name a few.
